

September 1, 2007

Dear Dining For Women Members,

It is with pleasure that I write you on the first day of the month that you have so generously dedicated toward raising funds and awareness for our work at [Prevent Human Trafficking Institute](http://www.preventhumantrafficking.org). We have exciting things to share with you about our work, and how you can be a part of the movement to prevent human trafficking!

Please find enclosed, an Annual Report from a previous year. We hope this will give you a sense of our organization, its members, the projects we support, the vision we have, and the track record of successful anti-trafficking work we have maintained since 1999.

You will notice one change in the materials you are receiving in this mailing, and our website and other FAQ's you will download from DFW's website and ours. PHI has changed its name to reflect its core mission: Preventing Human Trafficking! Please be assured that our change is in name only. Everything else about our organization has remained the same, down to our IRS tax-exempt designation. PHI's mission, values, team of dedicated professionals, and address are all the same as this Annual Report you are receiving. The only thing that has changed is our name –for the better!

Prevent Human Trafficking aims to build a bridge between South East Asia and the United States to prevent human trafficking. PHI empowers individuals, organizations and governments to tackle the root causes of human trafficking through direct support and technical assistance. PHI uses its expertise and networks to promote best practice and inspire sustainable solutions in the movement to prevent human trafficking.

We invite you to join us!

We look forward to your comments, reactions, questions, and contributions to our work.

Warmest wishes,

A handwritten signature in black ink, appearing to read 'Christina Arnold'.
